

*Your well-being is our priority.*

March 19, 2020

Dear participants in our program,

AltaPointe leadership is actively monitoring the changing situation around COVID-19 and meeting regularly to ensure we continue to meet the needs of our patients and individuals we serve safely and effectively.

Out of an abundance of caution, we are closing our intellectual disabilities day habilitation programs at the end of the program day on Friday, March 20, until April 6, 2020.

We are plugged into a network of local, state, and national resources for the latest updates on the outbreak to determine appropriate responses and the possible implementation of other measures.

We greatly appreciate your cooperation, patience, and understanding throughout this evolving situation.
